

InService

RESIDENT INSURANCE PROGRAM FROM ALLIANT INSURANCE SERVICES

Alliant Insurance Services is pleased to bring you this edition of *InService*, a safety newsletter for military communities.

Fire Evacuation Planning

- * In event of a fire, every second counts
- * In 30 seconds a small flame can get out of control
- * In a few minutes a house will fill with smoke
- * Have a sound fire escape plan
- * Practice with the members of your family
- * Locate two ways to escape from a room (window, door, collapsible ladder)
- * Make sure windows are operable – screens can be removed
- * Make sure security bars can be quickly opened and everyone trained on opening
- * Immediately leave the home – do not waste time
- * Never open doors hot to touch
- * Teach children not to hide from fire fighters

Working together to help our families keep safe !
