Meet Derrick Butterworth - Maintenance Tech II

Derrick takes pride in using his skills to help provide safe, comfortable homes for the men and women who serve our country and their families, a role that makes him both proud and grateful.

Fun facts about Derrick:

- Enjoys fishing, hunting, and riding motorcycles.
- Plays video games in his spare time.

MAINTENANCE TIPS

Spring is here! One helpful tip for energy efficiency is to set your HVAC unit to a set temperature without switching between AC and heat. This helps with electric costs and is a way to enjoy the nice weather.

If you need small items for maintaining or fixing your home, the Self-Help desk at the maintenance shop is open during office hours! Items that can be picked up can include, but are not limited to, air filters, light bulbs, and touch-up paint.

Don't forget to change your air filters! At a minimum, residents should change these every 3 months. These are free and can be picked up from the maintenance shop or by placing a routine work order.
