Turn Shabby into Chic and Unique

Have you heard of the wonderful new trend to take old, discarded items and repurpose them into new or unique constructions? It's called "up-cycling" and it is quickly growing in popularity. Rather than just recycling old items for disposal, this new trend gives them a new life in a very creative way.

A quick search on Google Images or Pinterest will provide great inspiration for the used items in your home. An old metal rake head, mounted on the wall is suddenly the perfect shabby chic wine glass holder. An old TV cabinet can become a wonderful child's play kitchen.

There are endless options to create with old wooden pallets. Start searching for items today!

We love to celebrate ingenuity and creativity. So if you "up-cycle" items in your home or yard, let us know! We can share your ideas on Facebook for our Community to enjoy. We appreciate all the effort our residents put into making Little Rock Family Housing a one-of-a-kind community!

An old spool cabinet became a sheet music and remote holder

Hunt Update

Website Refresh

Check out our new website! Content has been updated and is easier to access. We're uploading new site and event photos, have included forms and information you'll find useful and, as always, you may contact us, initiate a routine maintenance request or pay rent on line at any time.

Make

www.littlerock-family-housing.com one of your "favorites" and you'll be just a click away from photos, info and maintenance request access.

Spring Cleaning Safety Tips

Ready to tackle a few spring cleaning chores?

Don't try to do it all in one day. It's hard to stay safe when you're tired or rushed. Lift properly - keep your back straight and lift with your legs. Or find a buddy! Be cautious using ladders and step stools. Follow cleaning product safety information. Read the label and use as directed. Keep cleaning buckets out of reach. A child can drown in a few inches of liquid. Clear away clutter to avoid trip hazards. Check your fire extinguisher. Replace smoke and CO detector batteries. If you have questions about your detectors, please contact maintenance.
