## NATIONAL BLOOD DONOR MONTH

GIVE BLOOD. GIVE LIFE

### Our President's Message

As we welcome a new year and a new decade, I want to take this opportunity to restate our commitment to our residents. Over the past year, we have been working diligently to rebuild your trust, by doing some "big things", such as adopting the "Hunt Standard" for resident-initiated service requests and rolling out a mobile

application for residents to submit and track work orders in real-time. But we have also done the "little things," in comparison – those actions that receive less attention, but can impact our residents' lives. One example is our "Hunt Heart" program. This program is designed to address the needs of our new residents, deployed spouses, recently returned spouses, those suffering a family crisis, and those who may be in need of information about or access to social services through military or civilian sources. For example, we provide extra maintenance assistance to deployed spouses when requested, such as removing a Christmas tree, mowing a lawn, or hanging a picture. While we are proud of the significant progress we have made over the past year, our work is far from done. We hope that you are already seeing the benefits of the changes we have made and we look forward to continuing to hear from you on things we can still improve.

Best,

John Ehle  
President
